PROFESSIONAL SUMMARY

B.Tech Information Technology graduate with hands-on experience in Python, Flask, REST API development, MySQL, JWT authentication, Git/GitHub, and AWS cloud services. Skilled in building backend applications, database-driven systems, REST APIs, and cloud-based solutions using Amazon EC2, Amazon S3, and AWS IAM. Completed a Web Development Internship focused on Python and Flask backend development. Seeking entry-level opportunities as a Python Developer, Software Developer, Backend Developer, or Cloud Engineer/Developer.

TECHNICAL SKILLS

Languages: Python, C, C++, JavaScript

Backend: Flask, REST API Development, JWT Authentication, CRUD Operations, API Design

Databases: MySQL, SQL, Database Integration, Schema Design

Cloud & AWS: Amazon EC2, Amazon S3, AWS IAM, Cloud Computing, Cloud Deployment

Web: HTML5, CSS3, JavaScript

Tools: Git, GitHub, VS Code, Postman, Linux

Concepts: OOP, API Testing, Version Control, Agile Collaboration

WORK EXPERIENCE

Web Development Intern — Space Zee Technology Pvt. Ltd. *July 2025 – August 2025*

- Developed backend applications using Python and Flask, building RESTful APIs with CRUD operations.
- Integrated MySQL for database operations and data management; built and tested APIs using Postman.
- Used Git and GitHub for version control; collaborated with mentors during development and testing.

PROJECTS

Cloud Document Manager | Python, Flask, AWS EC2, Amazon S3, AWS IAM — github.com/jafranmohamed383-bot/cloud-document-manager

- Built a cloud-based document manager with upload/view/download/delete, deployed on EC2 with S3 storage secured via an IAM role.

E-commerce API | Python, REST API, Backend Development — github.com/jafranmohamed383-bot/ecommerce-api

- Developed a Python-based backend API with structured endpoints for e-commerce data management.

JWT Authentication API | Python, Flask, JWT — github.com/jafranmohamed383-bot/JWT-Authentication-API

- Built secure authentication APIs with login, protected routes, and token validation; tested with Postman.

Student Management API (MySQL) | Python, Flask, MySQL, REST API — github.com/jafranmohamed383-bot/student-management-api-mysql

- Developed a CRUD-based REST API for managing student records with MySQL integration.

Student Management REST API | Python, Flask, MySQL, REST API — github.com/jafranmohamed383-bot/student-management-rest-api

- Built a RESTful backend implementing GET/POST/PUT/DELETE operations; tested endpoints with Postman.

Weather App | HTML, CSS, JavaScript, OpenWeatherMap API — github.com/jafranmohamed383-bot/WEATHER-APP

- Developed a responsive weather app with location search, real-time data, and dark-mode UI.

EDUCATION

Bachelor of Technology – Information Technology 2022 – 2026 | CGPA: 7.66 / 10.00

M.I.E.T Engineering College, Tiruchirappalli

LANGUAGES & SOFT SKILLS

Languages: Tamil (Native), English (Professional Working Proficiency)

Soft Skills: Problem Solving, Team Collaboration, Communication, Adaptability, Quick Learner, Time Management
